Scottsdale, Arizona – December 1, 2021 – Joint venture partners Universal Health Services and HonorHealth are pleased to announce the appointment of Jaclyn Hull, MBA, MSBA as Chief Executive Officer/Managing Director of the new Via Linda Behavioral Hospital, currently under construction and on schedule to open in 2022. In this role, Hull is responsible to orchestrate the staffing and opening of the new facility, oversee hospital operations, connect with community entities to best address community needs, and serve as steward to assist staff in providing high-quality behavioral healthcare to Via Linda's patients.

Prior to this, Hull held a number of interim Chief Operating Officer and Chief Executive Officer at behavioral health hospitals located in the Houston area.

“I am pleased to join and build the Via Linda team,” said Hull. “This is an exciting time to be in healthcare as we continue to focus on patient-centered care and also look to extend services to treat patients through their entire recovery journey. I look forward to onboarding a team of dynamic individuals to best support our patient and community needs in preparation for the facility’s opening in early 2022.”

Hull earned her Master of Business Administration and her Master of Science in Business Analytics from Arizona State University. She earned her Bachelor of Science degree in Organizational Communication and French Studies from the University of Portland.
